TOPIC 1

MILITARY ALLIANCES LEADING TO PEACE OR WAR

Do alliances lead to peace or to war? Despite the fact that military alliances have long been considered a key factor in international politics, this basic question remains largely unanswered.

While some scholars claim that the careful use of military alliances to create countervailing coalitions will deter aggressors and prevent war, others claim that alliance commitments can serve to provoke and to expand war.

TOPIC 2

VOLUNTEER WORK FOR UNEMPLOYED

When employing new work force, one of the criteria that the employers take into account is work experience. However, in times of economic crises and shrinking labor market, it is difficult for young people to get the opportunity to work and gain valuable work experience.

In order to reverse this trend, the Government has proposed to introduce the status of one-year-volunteer work, which would enable young people to gain experience. This proposal was met with severe criticism of those who believe that the volunteer status would give the employers a new chance to exploit the young workers and misuse the system.
